

AXA's Fleet Safety Service Partner

Why use A P Safe Transport?

A P Safe Transport is a well-established Fleet Safety Service partner of AXA Insurance with expertise in a variety of services to ensure your drivers are kept safe when driving for work.

They're a leading provider of fleet safety services and are highly respected within the fleet safety market.

AXA and A P Safe Transport's agreement offers AXA clients discounted fees on their range of services to ensure that clients will be provided with value added risk management services.

Services offered by A P Safe Transport

Driver training and coaching for drivers of all vehicles – A P Safe Transport will assess each driver with the client to ensure the intervention suits the issues the client and driver face.

Telematics Data Service – This looks at the telematics products the client has to design an appropriate process to ensure data is used to reduce claims frequency and associated costs.

Line manager training – This innovative service provides line managers with the knowledge of Corporate Responsibility and the skills to conduct post-accident interviews with drivers to ensure a positive and educational outcome.

Accident Investigation – Both full investigations for a particular claim and training for those internal staff who are required to investigate motor claims.

Assessor Training – A comprehensive training course for clients that have internal resources and wish to use them to assess and drivers who drive for business.

Benefits of A P Safe Transport's services
