# Important Information about Our Insurance Intermediary Services

## Your contract with BISL Limited ('We/Us/Our')

BISL Limited is an insurance intermediary and you will enter into two separate contracts when you take out an insurance policy through Us. The first contract is with Us and sets out the terms and conditions under which We will arrange and administer your insurance policy on your behalf and any fee(s) that We shall charge you for providing Our insurance intermediary services. Use this information to decide if Our services are right for you.

You will also enter into a separate contract with the insurer for providing your insurance. Details of the premium charged and the terms and conditions relevant to the insurance policy are set out in your Welcome Pack. When you purchase additional products or pay for your policy by instalments using a fixed sum loan agreement, you will enter into further contracts with each insurer, supplier or credit provider for these services. Together the Intermediary Services Fee and insurer premium will form the cost of the insurance.

## Client Money

We act as agent for the insurer for the collection and payment of your premiums including any additional insurance products you purchase from us. This means that premiums are treated as being received by the insurer when they are received by us. Any premium refund is treated as received by you when it is actually paid to you. We will not pay you the amount of any interest that we earn from investing your money before paying it to your insurer.

## Your demands and needs

The policy is designed to meet the demands and needs of customers who wish to insure their motor vehicle against the risk that they have selected to cover. For example third party risks only, third party fire and theft or comprehensive cover, as well as any additional services chosen. We have not provided advice on whether the policy is suitable for your needs or made any recommendations.

Your additional products and services:

- No claims discount protection
- Motor Legal Protection

We offer products from a range of insurers for vehicle insurance. We only offer products from a single insurer or supplier for:

No claims discount protection, arranged & administered by BISL Ltd  
Motor Legal Protection, underwritten by RAC Insurance Ltd

## What Insurance Intermediary Services will We provide?

Our insurance intermediary services We provide to you on your behalf include:

- We will arrange your vehicle insurance by selecting a range of prices from Our panel of insurers that We can offer, We will arrange your cover with the insurer based on your requirements, We will deal with your payment and provide you with the details and documentation relating to your policy.
- Deal with your requests for adjustments you have to make to your policy, such as changes to the cover required, the use and/or vehicle insured. We will notify the insurer, deal with any amendments of risk or adjustments of premium required and provide you with confirmation of any changes to your policy. We may arrange cover with an alternative insurer if the amendments to your policy are not acceptable to your original insurer.
- We will also arrange the cancellation of your policy at your request, notify the insurer, deal with any refunds of premium, confirm the changes to your policy and arrange for the return of documents.

- Deal with your requests for any duplicate or replacement documentation relating to your policy and/or additional products.
- We will arrange optional additional add-on products where you consider these products meet your needs.
- We will provide optional additional intermediary services, such as arranging No claims discount protection (NCDP) with your insurer. In the event NCDP is selected you will be provided with a separate contract setting out the terms and conditions upon which it is arranged and administered and priced.
- We will also arrange the renewal of your insurance and additional products based on your requirements (see Automatic Renewal section).

## Our fees and charges for providing Our insurance intermediary services to you

We will charge you the following fees where applicable for Our services:

### Intermediary services fee

Included in the total cost of your policy is a fee of £40.00 that We charge you for the separate intermediary services We provide in arranging, servicing and renewing your Van insurance policy. This fee does not relate to any of the additional products We may have arranged for you. If you cancel your policy after 14 days this fee will be non-refundable.

### Arrangement fee

If either you or We cancel within 14 days of receiving your policy documentation We will charge you a fee of £30 plus the cost for the amount of time you have been covered unless you have made a total loss claim in which case no refund will be given and all premiums will be due.

### Cancellation fee

If either you or We cancel more than 14 days after receiving your policy documentation We will charge you a fee of £45 plus the cost for the period of cover you have benefitted from.

This is providing no claims have been made. If a claim has been made, or there has been an incident which may lead to a claim, no refund will be given and all premiums will be due.

If you cancel the additional products taken out with your policy, but not the main policy within 14 days of receiving your policy documentation, you will pay for time on cover only. After this time, no refund will be given. If you cancel the main policy then any additional products taken out will also be cancelled.

If upon investigation we find that you are no longer eligible for an add-on product, a refund will be provided on a pro-rata basis.

We have provided you with information on how to cancel your policy in the cancellation section of your Motor Policy Wording, Section 12. This clearly sets out Our approach to providing you with a refund of premium for your time on cover.

We will pay any refund due to the bank account or credit/debit card We hold on file. The minimum amount We will refund is £1, refunds less than £1 will not be given.

### Amendment fee

If you, or we, make changes to your policy at any time, an amendment fee of £25 may be charged and the cost of your policy may increase. It is important to check the information you have provided is correct as charges may be applied. We have provided you with a list of examples of the things that We need to know about in Section C of your Motor insurance policy wording.

### Where we cancel your policy

**We** may cancel **your policy** if there are serious grounds to do so such as non-payment, failure to supply requested validation documentation (proof of No Claims Discount, Security etc) **you** have provided **us** with incorrect information and **you** have failed to provide a remedy when requested or **you** behave in a threatening, abusive or inappropriate manner towards **our** staff, **our** representatives or providers. Where **we** cancel **we** will provide seven days' prior written notice to **your** last known address unless **we** are required to cancel earlier. If **we** cancel **your policy** **we** will refund a percentage of the premium calculated on a daily pro rata basis equivalent to the period of cover left unused, providing no claims have been made. If a claim has been made, or there has been an incident which may lead to a claim, no refund of premium will be given and all premiums would be due.

## G Data protection notice

### Who is processing your data?

**We** are BISL Limited, **we** arrange and administer Budget car, home and van insurance and **we** are the data controllers of the personal data that **you** provide and/or that **we** collect from **you**. This means **we** are the

company responsible for deciding how **your** data is processed.

BISL Limited is part of the Markerstudy Group and provides products and services under various brands. If you want to know more about the Markerstudy Group and the brands that BISL operates you can find out more at [www.bglinsurance.co.uk](http://www.bglinsurance.co.uk)

## Car, Home and Van Insurance

To provide **you** with car, home and van insurance, **we** need to share **your** data with the **insurers we** work with. This is to allow the **insurers** to consider **your** application for insurance and to allow them to deal with any claims **you** make on **your** insurance **policy**. The **insurers** will also be data controllers in relation to the data they receive from **us** and any additional data the **insurer** may collect about **you** when dealing with a claim. This means that the **insurers** are in charge of how they handle **your** data and **we** are not responsible for this.

**Your insurer** is set out in **your Schedule of Insurance**.

When **you** choose to add an additional product to **your** insurance policy, such as breakdown cover, **we** will also need to share **your** data with the supplier of the additional product to allow it to be provided.

**You** can find further information in the terms and conditions for each additional product.

If **you** pay for **your policy** by monthly instalments **you** will be taking out a credit agreement. **Your** credit arrangement will be provided by BFSL Limited, which is part of the Markerstudy Group and which provides credit arrangements on **our** behalf. Data relevant to **your** credit agreement will be shared with BFSL Limited. BFSL Limited will also be a data controller of this data and will be responsible for how that data is processed.

## Where do we get the data from?

### From you

Most of the data that **we** process will be data that **we** collect from **you** directly when **you** request a quote. **We** will ask **you** various questions to collect the data **we** need for the purpose of **your policy**. **We** will not be able to provide a quote unless **you** answer the mandatory questions.

### From your use of our website and services

**We** also collect data about **you** based on **your** actions, for example **we** collect data about how and when **you** use **our** websites, or **our** services so that **we** can build up a picture of **you** as a customer. This can include information such as how many quotes **you** have obtained for insurance from **us**, mouse clicks/taps, mouse movements, page scrolling and text entered into forms. This helps **us** to provide **you** with a good service and to design improvements to **our** products and services (including changes to **our** website) but is also used to help **us** to prevent and detect fraud.

If **you** contact **us** electronically, **we** may collect **your** electronic identifier e.g. Internet Protocol (IP) address or telephone number supplied by **your** service provider. This information may be used by **us** and/or shared with and used by **insurers** to aid in the detection of fraud.

If **we** speak to **you** on the telephone **we** may record the telephone call and if **you** use **our** webchat service **we** will keep a record of the conversation. **We** do this so that **we** have an accurate record of **your** conversation with **us**. **We** also use this data for monitoring and quality control purposes and may use it for training purposes.

### From price comparison sites

If **you** have been directed to **us** from a price comparison site then the price comparison site will have provided **us** with data that **you** entered in order to allow **us** to provide **you** with a quote.

When **you** purchase one of **our** policies through a price comparison site **we** will need to share some information with the price comparison site, for example, information relating to whether the **policy** has been purchased or the status of the **policy**. **We** will also exchange information that is necessary to help resolve any queries or complaints.

### Our service providers

**We** or **our insurers** will sometimes use third parties to process personal information on **our** behalf. Where third parties process **your** personal information on **our** behalf, **we** will have a contract in place with them placing obligations on them to keep **your** data secure and only use it for the purposes that **we** authorise.

The third parties that **we** use may include, for example, IT service providers, market research agencies and debt collection agencies or tracing agents appointed by **us**.

### From other companies

As part of considering **your** quote, administering (including amending or renewing) **your policy** or dealing with any claims on **your policy**, **we**, **our insurers** and/or **our** credit providers will exchange information about **you** with other companies and/or carry out checks with various databases, which

is standard practice in the insurance industry. **We** have set out below some of the common databases that may be checked.

#### DVLA

If **you** provide **your**, or any named driver's, driving licence number this will be passed to the DVLA, either by **us** or the **insurers we** work with, in order for a search to be carried out to confirm **your** (or any named driver's) licence status, entitlement and relevant restriction information and endorsement/conviction data.

Undertaking searches using **your** driving licence number helps **insurers** check information to prevent fraud and ensure **policy** premiums are fair.

A search with the DVLA will not show on **your** (or **your** named driver's) driving licence record.

For details relating to information held about **you** by the DVLA, please visit [www.dvla.gov.uk](http://www.dvla.gov.uk)

#### Credit searches

**We** and/or **our insurers** or credit provider(s) will carry out checks with credit reference agencies, including-

- checks against publicly available information such as the Electoral Register, County Court Judgments, bankruptcy or repossession information;
- checks against data relating to **your** credit history. If **you** enter into a credit agreement to pay for **your policy**, **we** may also pass to Credit Reference Agencies information **we** hold about **you** and **your** payment record with **us**. Credit Reference Agencies share information with other organisations, enabling applications for financial products to be assessed or to assist the tracing of debtors, or to prevent fraud. **We** may ask Credit Reference Agencies to provide a credit scoring computation. Credit scoring uses a number of factors to work out risks involved in any application. A score is given to each factor and a total score obtained and this together with other factors will be used to assess **your** application for a quote or a **policy**.

The credit reference agencies will keep a record of the search and you may see this recorded on your credit file whether or not you proceed with your quote. If you decide to take out a credit agreement, the search and details of your payment history with the credit provider will also be visible to other lenders. You can find out further information about how the Credit Reference Agencies collect and use personal data at [www.callcredit.co.uk/crain](http://www.callcredit.co.uk/crain) which also provides you with details of how to contact the Credit Reference Agencies if you want to check the information they hold about you.

#### Claims and Underwriting Exchange and Other Registers and Databases

**We**, the **insurer** and/or the re-insurer exchange information with various databases and registers to help **us** check information provided, to detect and prevent crime or fraud and to obtain information about **your** no claims history. These may include the Claims and Underwriting Exchange Register, the Hunter Database, the Motor Insurance Anti-Fraud and Theft Register, the No Claims History Database and any other relevant industry databases or registers. Under the conditions of **your policy**, **you** must tell **us** about any incident (such as an accident or theft) which may give rise to a claim whether or not a claim is made. When **you** tell **us** about an incident, **we** or the **insurer** will pass this information to the registers and any other relevant registers.

#### Motor Insurance Database

Information relating to **your** insurance **policy** will be added to the Motor Insurance Database ("MID") managed by the Motor Insurers' Bureau ("MIB"). MID and the data stored on it may be used by certain statutory and/or authorised bodies including the Police, the DVLA, the DVLANI, the Insurance Fraud Bureau and other bodies permitted by law for purposes not limited to but including:-

- i. Electronic Licensing
- ii. Continuous Insurance Enforcement
- iii. Law enforcement (prevention, detection, apprehension and/or prosecution of offenders)
- iv. The provision of government services and/or other services aimed at reducing the level and incidence of uninsured driving.

If **you** are involved in a road traffic accident (either in the UK, the EEA or certain other territories), **insurers** and/or the MIB may search the MID to obtain relevant information.

Persons (including his or her appointed representatives) pursuing a claim in respect of a road traffic accident (including citizens of other countries) may also obtain relevant information which is held on the MID. It is vital that the MID holds **your** correct registration number. If it is incorrectly shown on the MID **you** are at risk of having **your** vehicle seized by the Police. **You** can check that **your** correct registration number details are shown on the MID at [www.askMID.com](http://www.askMID.com)

#### Existing Data

**We** will check our existing records to see if you have held a policy

or obtained a quote with us, or any of the brands BISL Limited administer, before. We will also share personal data with our other brands, Group Companies and insurers for these purposes. The credit providers we work with (as described in the "Who is processing your data?" section above) will also carry out checks against data that they hold on you if you have held a credit agreement with them or applied for credit with them before.

Checking and comparing this data helps us to assess your quote (including at renewal). This data will also be used for research and analysis in accordance with the section headed "What do we use your data for?" below.

*Publicly available sources*

We or our insurers use some open sources of data which are not personal data (such as information about particular geographic areas) and combine this with the personal data that we hold about you (such as your own address) in order to assess insurance risk and provide you with an accurate quote.

### Providing data about other people

We will sometimes need you to provide us with data about other people, for example where another person is being added to the policy as a joint policyholder or named driver. Where you give us data about someone else, you must make sure that you have made that person aware of this Privacy Policy. If we ask you to confirm your consent to certain data being processed, you are giving consent for your data and any relevant data relating to the other person to be processed. Where this privacy policy refers to "your data" this also includes data about anyone else named on the policy or whose data you provide us with.

### What do we use your data for?

The data that we hold is used for the following purposes:-

#### Part 1 - Providing you with a quote and administering your policy

The personal data that we use for the purposes set out in this Part includes information you provide during your quote, information about previous or existing policies held by us or our insurers, identification information, information from credit reference agencies, your policy and payment history and behavioural information that we gather from your use of our website and how you manage your policy.

*Providing you with a service*

As you would expect, this data is used to provide you with the service you have requested, for example a quote or an insurance policy. When you take out a policy, we will continue to use your data to provide you with annual renewal quotes and where we can we will use the data to automatically renew your policy and continue to provide you with insurance cover. If you would prefer that we don't use your data to automatically renew your policy then you can opt out of the automatic renewal process by contacting us. This means we will still use your data to generate a renewal quote but your policy will not renew unless you tell us that you would like to accept the renewal quote. You can find more information about this in your policy documents.

*Credit agreements and payments*

Both we and the credit provider use this data (including data held in relation to our other brands) to help us build up a picture of you as a customer. This allows us to carry out more accurate assessments of you as a customer when you apply for products with us, including creditworthiness assessments. It helps us to provide you with more relevant information such as making sure we show you the right content at the right time. We also use this information to help calculate your future quotes. This information will also be shared with our insurers for these purposes.

Data will also be used by us or your credit provider (if applicable) to administer any payments due under your policy and this will include (where necessary) sharing data relating to your payments with credit reference agencies, debt collection agencies or any financial organisations such as banks or payment providers for purposes connected with payment processing, refunds, funding or associated services. If you have taken out credit you can find further information within the credit agreement.

*Additional information about your circumstances*

If you let us know that you have any accessibility requirements or any circumstances which may impact the service we provide to you, we will keep a record of the information you provide so that we can provide an appropriate service to you for example if you tell us that you need documents in an alternative format. Where we can, and if we feel it is appropriate, we may also pass this information to our suppliers or partners to ensure that they can also

provide an appropriate service to you.

Data protection law says that we have to tell you the legal basis on which we process your personal data.

In relation to personal data used for the purposes described in this Part 1, we process this data because it is necessary to perform the contract that we have in place with you to provide you with the quote or the policy that you have requested.

### Part 2 - Fraud Prevention

In order to prevent and detect fraud we, the credit provider and/or the insurer or the re-insurer may use the personal data set out above at any time to undertake searches to prevent fraud and money-laundering and to verify your identity. This will include checking or sharing your details with credit reference agencies and fraud prevention agencies.

If false or inaccurate information is provided or if we or a fraud prevention agency determine that you pose a fraud or money laundering risk, we may refuse to provide the services and/or financing you have requested and we may stop providing existing services to you.

A record of any fraud or money laundering risk will be retained by the fraud prevention agencies and which may be checked by other organisations for example when: checking details on applications for credit and credit related or other facilities; managing credit and credit related credit accounts or facilities; recovering debt and tracing beneficiaries; checking details on applications for new products and dealing with claims for all types of insurance. This may result in others refusing to provide services, financing or employment to you.

Fraud prevention agencies can hold your personal data for different periods of time, and if you are considered to pose a fraud or money laundering risk, your data can be held by them for up to six years.

In relation to personal data used for the purposes described in this Part 2, we process this data because we have a legitimate business interest in carrying out these activities to protect against fraud and because there is a substantial public interest in preventing and detecting crime including fraud.

### Part 3 - Other Uses of Data

*Marketing*

When you request your quote you will be given an opportunity to confirm whether you are happy to receive marketing material from us. If you confirm you are happy to receive this material, we will use your postal address, email address and telephone number to send you marketing materials by post, email, telephone call or SMS. We do not pass your data to third parties for marketing purposes.

You can change your mind at any time by logging into your Self Service Centre and updating your preferences. You can also unsubscribe from emails by clicking on the unsubscribe link on any marketing emails that we send you or by contacting us.

This will not impact any communications that we need to send you for the purpose of your policy, for example communications about your renewal, updates about your policy or information about any quotes we've provided to you.

We use the data we hold to help us understand our customer demographic, to help us improve the services that we provide to you and to help us target our advertising and marketing so that we show customers adverts or marketing which may be more relevant to them. We may sometimes work with carefully selected third parties to do this for example using advertising services provided by organisations such as Google and Facebook and may share data with them to carry out this research and analysis, however will not sell your data to third parties for them to market to you.

*Market Research*

From time to time we may want to use your postal address, email address and/or telephone number to contact you to assist us with our research by asking you a few questions about the service you have received or by asking if you would like to complete a review of our services. We may sometimes ask market research companies to contact you on our behalf.

If you would prefer us not to contact you for market research purposes then you can let us know by contacting us.

*Research and Analysis Activities*

We use data relating to your quotes or your policy, including

**you** claims history, to carry out various research and analysis activities to help **us** to regularly review and improve the products and services **we** provide and carry out research relating to underwriting, claims and pricing. **We** also share this data with **our insurers** to enable them to use this data for these purposes. Where possible, data will be shared on an anonymised basis. The data will not be used to make any decisions that will affect **you** or any other individual.

**We** also use the data that **we** collect about **you** through **your** website usage to carry out research and analysis into usage and activities on **our** website to enable **us** to continue to improve **our** website and **our** products and services.

In relation to personal data used for the purposes described in this Part 3, **we** process this data because **we** have a legitimate business interest in carrying out these activities to promote and improve **our** business. **We** have ensured appropriate safeguards to protect **your** rights when processing this data for these purposes.

## Part 4 - Special Personal Data and Criminal Convictions

In order to provide **you** quote and administer **your policy** **we** may ask **you** to provide data which data protection law classifies as "special personal data". This includes information about **your** health (such as any medical conditions) or information relating to criminal convictions or alleged or actual criminal offences.

Where **we** collect special personal data and criminal conviction or offence data to provide **you** with **your** quote and **your policy**, **we** process this data because it is in the substantial public interest to do so for the purposes of advising on, arranging, underwriting or administering an insurance contract.

It may also be necessary for **us** to retain a copy of any special personal data and criminal conviction or offence data for the purpose of making or defending claims or preventing or detecting crime, including fraud.

### How long do we keep data?

We'll only keep **your** personal data as long as **we** need it and ensure it is securely destroyed when it is no longer required. **We** do however need to keep certain data after **your policy** has ended for certain periods as detailed below.

Generally, if **you** take out a **policy** with **us**, **you** can expect us to keep **your** data for a period of 10 years following the end of **your policy** unless there is a requirement for us to keep the data for longer, for example if there are any ongoing queries or claims relating to the **policy**.

**We** keep data for these periods as it plays an important part in allowing **us** to undertake fraud detection and prevention activities, allows **us** to deal with any queries or complaints that may arise regarding the quote and allows us to carry out research and analysis to help us improve our products and services (as described in the section headed "What do we use your data for?").

### Overseas Transfer of Data

**We** may use **third party** suppliers to process personal data about **you**. Some of these suppliers may be located in countries outside the UK which may not have equivalent laws in place to protect **your** personal data. For example, **we** use **third party** software suppliers to process data such as **your** IP address and email address. **Our insurers** may also process personal data in countries outside the UK which may not have equivalent laws in place to protect **your** personal data. **Our insurers** are data controllers in respect of any such processing.

Whenever **we** do use third party suppliers to process personal data about **you** outside the UK **we** will ensure that **your** personal data is kept securely, is only used for the purposes set out in this Privacy Policy and is afforded equivalent protection as it would be if it were processed in the UK. **We** do this through various mechanisms, for example making sure that approved contractual clauses are in place with the supplier. If **you** would like any further information please contact **us** using the details in the "Contacting Us" section.

### Your Rights

Data protection law gives **you** various rights in relation to **your** personal data. All the rights set out below can be exercised by contacting **us** using the contact details set out under the "Contacting us" section below. Those rights include:-

- You** have the right to ask **us** to provide a copy of the personal data that **we** hold about **you**. This is called a Data Subject Access Request or "DSAR".

**You** can access information about **your policy** and **your policy** documents by logging into **your** Self Service Centre. If **you** want to receive other personal data that BISL Limited holds then please contact **us** using the contact details below. When contacting **us** please describe the information **you** require and include the following: **your** full name, **your** date of birth, **your** full address and your quote/**policy** number. For security purposes **we** may need to ask **you** for further information to verify **your** identity. If **you**

require information sending to different contact details to those held on **your policy** please include a copy of **your** passport or driving licence and proof of address such as a recent utility bill to assist **us** in verifying **your** identity. **We** might also need to ask **you** for additional information to help **us** locate the data that **you** are looking for.

Once **we** have all the information that **we** need to process **your** DSAR, **we** will respond within one month unless **your** DSAR is very large or complex, in which case **we** may need to extend this period. If **we** need to do this **we** will let **you** know.

If **you** want to make a DSAR in relation to personal data that is held by the **insurer** of **your policy** then **you** will need to contact the **insurer** directly. **You** can find their details in **your policy** documents.

- You** have the right to ask **us** to correct inaccurate personal data that **we** hold about **you**. If **you** think any of **your** personal data is inaccurate, please contact **us** and, provided **we** can verify **your** identity and are satisfied as to the accuracy of the correction requested, **we** will correct the relevant personal data as soon as **we** can.
- You** have the right to request that **we** provide a copy of **your** personal data in a machine readable format or to ask **us** to send **your** personal data to another company. This applies to personal data that **you** have provided to **us**, which **we** have processed electronically, such as data **you** entered on **our** website when **you** obtained a quote.
- You** also have the right to ask **us** to delete personal data that **we** hold about **you**. **We** are obliged to delete personal data in some circumstances, such as where it is no longer needed. However, data protection laws allow **us** to keep the personal data if **we** need to, for example if the data is needed to allow **us** to administer **your policy** or if the data is needed for fraud prevention. In any case, **we** will retain your personal data in line with the retention periods detailed under "How long do we keep data?" above.
- You** have the right to ask **us** not to do anything with **your** personal data except store it in limited circumstances, such as if **you** and **we** do not agree on the accuracy of personal data and steps are required to validate it.
- You** have the right to object to **us** processing certain personal data about **you**. For example, **you** can ask **us** to stop processing data for marketing or market research purposes. However, where **we** need to continue to process the personal data, for example to administer **your policy** or for fraud prevention purposes, **we** are not obliged to stop processing it.
- You** have the right to ask to review significant decisions that **we** have made about **you** wholly by automated means. The nature of the quotes that **we** provide to **you** means that **we** have to use this kind of automated decision making in relation to **your** personal data (including special categories of personal data) to assess **your** quotes. This means that **our** computers will consider lots of different pieces of information about **you** and about the **policy** **you** have requested (such as information about **your** vehicle) in order to calculate whether or not **we** are able to offer **you** a quote, at what price this should be and whether **we** can offer **you** a credit agreement to pay for **your** premium. Automated decision making will be used when **you** request a quote, when **we** are considering whether **we** can offer **you** a renewal quote and also if any changes are made to **your policy**. **We** may also use automated decision making to decide if **you** pose a fraud or money laundering risk. If **you** ask us to review the decision, **we** will make sure that it is examined by a human and **we** will confirm the outcome to **you**. This does not necessarily mean that the decision will be changed.
