

# AXA & VUE Forklift truck package

**Help reduce forklift truck incidents at work from as little as £599**

**The AXA and VUE package includes:**

VUE VMC4	<ul style="list-style-type: none"> <li>Retrieve recorded video remotely via the VUEmatics portal</li> <li>Record all GPS and telematics data via the online portal</li> <li>Live tracking and video streaming of forklift trucks</li> </ul>
VUE Forward Camera	Records the driver's forward view
VUE Driver Camera	Records driver operation and immediate vicinity around the side and rear of the forklift truck.
VUEmatics portal (12 months)	A web based solution that allows instant access to cameras and telematics data. Includes a wide range of telematics based reports and live vehicle tracking.
VUEcloud access (12 months)	Access to the VUEcloud platform allows users to securely upload, store and share video footage and other associated media such as photographs and reports. Incident footage can be immediately sent to the AXA Claims team via VUEcloud. The VUEcloud also includes an AXA specific dashboard.
Installation	On site installation by a VUE engineer.
