

AXA Advanced Home insurance

Providing our highest levels of contents and buildings cover, AXA Advanced is feature rich, offering enhanced protection for customers who have higher value homes and personal possessions, wherever they are in the world.

Access to AXA Health Information service available

We've teamed up with AXA Health to bring AXA Advanced customers a great additional benefit to their Advanced home policy.

'Health at Hand' is an information telephone service available to customers, 24 hours a day, 365 days a year.

Qualified nurses, midwives and pharmacists are on hand to give customers the benefit of their expertise, to offer support, information and guidance on health questions or worries.

If appropriate, they can also send written information and give a follow-up call if requested, should customers have further questions.

Whilst the 'Health at Hand' service does not diagnose or prescribe and it is not designed to take the place of your GP, it can provide valuable information to help put customers' minds at rest.

How do I trade AXA Advanced?

AXA is committed to delivering products to market by the most effective routes possible, so AXA Advanced is available via full cycle EDI on the following software houses:

- Applied Systems
- Open GI
- Acturis
- SSP
- CDL

Please just make sure you add 'AXA Advanced' to your Select List to ensure you receive a quote.
