

# AXA Goods Carrying Vehicle

AXA Retail has undertaken a Customer Fair Value Assessment as the manufacturer of this product, in accordance with our obligations under PROD 4.2.

<b>Date of most recent Customer Fair Value Assessment</b>	<b>March 2026</b>
<b>Date of next Customer Fair Value Assessment to be completed by</b>	<b>Within the next 12 months*</b>

*\*We continuously monitor our products and apply a risk-based approach to our product governance; the next review and assessment may take place before this date and this document updated accordingly.*

## Outcome of the Customer Fair Value Assessment

Following a full assessment of the product we have concluded that it provides fair value and is expected to continue doing so for a reasonably foreseeable period.

This assessment considers all the individual elements which contribute to the total price paid by the customer. However, this is subject to distributors completing their own assessment of value based on their position in the distribution chain, including (but not limited to):

- Reviewing any add on or ancillary products sold with the core product to ensure they do not impact the overall value.
- Reviewing any fees or remuneration charged to the client or customer to ensure they do not impact the product value.
- Ensuring no duplicate coverage exists caused by add-ons already covered by the core policy.
- If applicable, ensure that any net-rated commission arrangement demonstrates a fair value commission strategy.

As a result of the product governance activities undertaken across this product we can confirm:

- 1. The product remains consistent with the needs of the identified target market**
- 2. The intended distribution strategy remains appropriate**

## Further information about the Customer Fair Value Assessment

AXA Retail has concluded the assessment of our core manufactured products to determine whether they offer fair value to customers for a reasonably foreseeable period. Our own analysis has been combined with information from our partners distribution arrangements.

Our Customer Fair Value Assessments consider the performance of our products against pricing, customer experience, claims & servicing metrics, target market alignment and product distribution arrangements including fees and add-ons in order to understand the impact on the overall value of the product to our customers. Our findings for our latest product reviews are summarised below.

Whilst our products have been assessed at an overall level, there may be certain aspects we wish to pick up separately with specific partners, based on the responses to our distribution questionnaire or the information you provided regarding your distribution arrangements. Where we have identified any outliers, we will look to engage brokers individually to discuss next steps.
